Associate Degree, Computer Science
University of Central Punjab
2021 – 2023

ABRAR AMJAD

Full-Stack Web Developer · Laravel · WordPress · React

Full-stack web developer with 3+ years of experience building Laravel web applications and WordPress websites for businesses in the UAE, Pakistan, Canada and the UK. I turn business goals into fast, mobile-friendly websites with clear calls to action — from SaaS marketing sites and booking platforms to lead-generation websites — and own projects end to end, from requirements to deployment and ongoing support.

EXPERIENCE

Full-Stack Developer (Laravel & WordPress) — 2024 – Present
BM Group, Lahore
Building and maintaining client websites and web apps end to end for businesses in the UAE, Pakistan and abroad — Laravel back ends, WordPress builds, responsive front ends and performance work.

Front-End / Full-Stack Developer — 2023 – 2024
Maxflap Technologies, Lahore
Developed responsive websites, worked with design and back-end teams on UI implementation, and took part in code reviews.
